

Atty. Docket No. OPP031050US
Serial No: 10/722,299

Amendments to the Specification

Please replace paragraph [0020] (page 3, lines 11-14) with the following paragraph:

[0020] Here, the lower metal layer 14a functions as a capping barrier layer and the upper metal layer 14c functions as a barrier capping layer. In addition, an organic anti-reflection coating (ARC) 16 is layered on the upper metal layer 14c and the photoresist pattern 18 is provided on the organic anti-reflection coating 16.
